

## Two Y-12ers To Be Honored For 25 Years Of Service With Carbide When D. H. Rader And S. F. Creigh Receive Awards On November 4

D. H. Rader

S. F. Creigh

### Four K-25, Two Paducah Men Also On List

A happy quarter-century of service with the Company will be signally honored and rewarded for two popular Y-12ers on Friday night of this week, November 4, at South Charleston, W. Va. On that occasion Daniel H. Rader, Plant Shift Superintendent; and Samuel Finley Creigh, B Shift Superintendent; will be among a select group of Carbide and Carbon Chemicals Company employees who will be guests at the Company's annual Service Award Dinner paying tribute to their completion of 25 years of Company Service.

### To Receive Handsome Watches

The Service Award Dinner is held at the Carbide Recreation Center at South Charleston and during the event the honored personnel are royally entertained and presented with handsome gold wrist watches in commemoration of their long service with Carbide.

Rader and Creigh are two of eight employees of Union Carbide Nuclear Company installations at Oak Ridge and Paducah, Ky., who will attend the festivities. Carbide and Carbon Chemicals Company formerly operated the atomic energy plants for the Atomic Energy Commission now being handled by UCNC. From the K-25 Plant in Oak Ridge M. L. Cook, H. B. Davis, G. V. Larmoyeux and J. B. Marcum will be honored while Paducah will send A. R. Fittipaldi and J. R. McKenna to the Service Award Dinner. All of the eight completed their 25 years of service with the Chemicals Company.

Union Carbide Nuclear Company and Carbide and Carbon Chemicals Company both are Divisions of Union Carbide and Carbon Corporation.

Dan Rader rounded out his 25 years of service with Carbide on January 5. He first appeared on the Y-12 scene on February 15, 1954, when he was sent here on loan from K-25 to take over the duties of Plant Shift Superintendent. His formal transfer became effective on June 1, 1954.

Since coming to Y-12 he has completely reorganized the Plant Shift Superintendent's set-up and also has taken charge of the General Utilities and Steam Plant Departments.

The first job held at Carbide in South Charleston in 1930 by Rader was that of operator in the Isopropanol Department there. That

## Accident On October 25 Snaps Y-12 Safety Period

The Y-12 Plant Area's latest long string of accident-free days was broken at 41 at 7:55 p.m., Tuesday, October 25, when an employee in the F Mechanical Operations Department was hit in the head by a cleaning machine, the Y-12er suffering a fractured skull that will cause him to miss from four to six weeks of work. At the time of the accident Union Carbide Nuclear Company employees in the Y-12 Plant Area had worked 1,378,869 man-hours without a disabling accident.

According to a report by the Safety Department, the employee, a cleaner, was standing on a pavement at a loading dock changing brushes on a cleaning machine resting on the dock about four feet above the pavement. He had difficulty in removing the old brush and the machine rolled off the dock, knocking the man down and pinning his head underneath.

Another disabling mishap occurred at 6:15 a.m., Sunday, October 30, when an operator in Beta Two suffered slight metal burns on his body and eyes. He was hospitalized.

## Improper Parking Creates Traffic Hazards; Cooperation In Obeying Regulations Urged

### Y-12ers Offered More Than 2,300 Conveniently Located Areas In Five Lots Near Plant Portals

An Emily Post as a host—and a heel at the wheel! That is a pungent description of traffic law violators—speeders, drunken drivers, careless drivers and the like.

The same description fits those "parking lot hogs"—the drivers who "just have to find a place closer to a gate" and to whom a few extra yards of walking apparently causes great grief.

With the completion of the paving of the Central Parking Lot last week, all of the five Y-12 parking areas provided for the convenience of all employees now are practically entirely hard-surfaced. More than 2,300 parking spaces are available in these lots—none of which are more than a few steps away from portals to the Y-12 Plant Area.

### No Reserved Parking Spaces

On all of the hard-surfaced lots, parking lanes have been clearly marked and are of ample space to easily accommodate any automobile without crowding and causing discomfort on the part of a driver alighting or entering. There are no reserved parking spaces—except for those reserved for Government vehicles and a few for visitors on official business in the plant.

"No parking" signs have been held to a minimum, but have been placed where plant authorities believe will do the most good toward preventing traffic congestion.

### Accident Possibility Increases

Violators of these signs create a traffic hazard and congestion of

## Quarterly And Special UCC Dividends Are Announced

The Board of Directors of Union Carbide and Carbon Corporation last week declared a quarterly dividend of 75c per share and a special dividend of 50c per share, total \$1.25 per share, on the outstanding capital stock of the Corporation, payable December 1, 1955 to stockholders of record November 4, 1955. The last dividend was 75c per share paid September 1, 1955.

Payment of this dividend on December 1 will make a total of \$3 per share paid in 1955. This compares with a total of \$2.50 per share paid in 1954.

## HAPPY Y-12ER RECOVERS WATCH AFTER STORY IN THE BULLETIN

George H. Caylor, Beta Two, was a happy Y-12er last week—he was the loser of that 23-jewel shock and water-proof watch reported in The Bulletin last week as being held by the Guard Department—now he has it back against as a result of reading the brief report of the incident. Guard Chief Miles Bradford said the watch had been turned in to him with the report that it had been found in one building, whereas Caylor said he believed it had been lost in another—but was not certain as to the exact whereabouts and didn't even know whether the watch had even been lost in Y-12 until he saw The Bulletin notice that "a valuable watch had been found." However, a complete description given by Caylor and a check by Chief Bradford definitely established Caylor as the owner.

## Safety Award Articles Picked By Y-12 Vote

### Plier Set Leads List; Cards Going Out Soon

Eligible Union Carbide Nuclear Company employees will soon be making their selection for individual safety awards for the 16th Union Carbide Safety Period, as in a preliminary vote that ended last week they designated the 11 articles to be offered. Selection cards will be sent out within the next few days on which employees will mark their choice.

A total of 1,121 votes were cast in the Y-12 Plant Area to pick the 11 award articles. They were chosen from a selection of 42 items of merchandise.

The three-piece plier set led the voting with 110 ballots. The other articles on the final selection list and votes they received are steak knives 81, electric vaporizer 66, desk light 59, 25-foot steel tape measure 53, lunch box with Thermos bottle 50, plastic clothes bag 41, television tray table 39, French-fried potato cutter 38, wall can opener 35 and adjustable wrench 35.

### BACK TO FUNDAMENTALS

Archery is a favorite sport in Pennsylvania, even extending to hunting of deer. It is estimated that between 17,000 and 18,000 archers will try for buck deer in that state during the present hunting season. In 1954 a total of 14,769 hunters using bows and arrows killed 55 legal bucks.

## Y-12 Again Tops Quota For Chest In 1955 Campaign

### Monday Report Shows \$14,692 For Ridge; Roane Gets \$1,900

Generous and speedy opening of pocketbooks by Y-12ers last week sent the plant "over the top" in the 1955 Community Chest drives. Auditors' reports at 9 a.m. Monday showed that \$14,692 had been contributed in cash and pledges through payroll deductions for the Oak Ridge Community Chest and slightly more than \$1,900 for the Roane County Community Chest.

The Oak Ridge quota assigned Y-12 was \$14,500. The Roane County group was seeking to raise \$17,000 for its entire budget in that county and did not have any quotas assigned to any particular Oak Ridge unit of Union Carbide Nuclear Company, whose employees were permitted to choose where their contributions would go.

Auditors Floyd Shook, of Safety; and Mabel Tyer, of the Alloy Division; did not have a complete breakdown of contributions by divisions or departments Monday morning. However, it was revealed that the Maintenance Division, the largest in the plant, was the first division to report as a whole and exceed its quota.

W. K. Whitson, Jr., chairman of the Y-12 Plant Community Chest Committee, and committee members were jubilant over the success of the drive in the plant this year.

"I was confident Y-12 would again come through and be first of its group in Oak Ridge to meet and exceed its quota," said Chairman Whitson, "and when the final figures are in this week I believe we will again have an enviable record."

## Credit Union Statements To Be Available November 7

Members of the Y-12 Employees Credit Union may pick up their quarterly reports for the three months ending October 31 beginning next Monday, November 7. The reports, giving the status of accounts of the members as of October 31, may be picked up at the Credit Union office, North Portal.

The quarterly periods of the Y-12 Employees Credit Union run one month behind the usual calendar quarters as the organization's fiscal year actually begins February 1 after the annual dividend is voted by the group in January, it is explained by Mrs. Lorena Causey, Treasurer of the Credit Union.

### DYNAMIC ECONOMY

Estimates are that American business will invest \$29½ billion in new plants and equipment this year. This is five per cent more than was invested last year—and five per cent more than industry expected, as recently as last fall, to spend this year. This may be a new high for any year in United States history.

COMPANY AND UNION COMMITTEES HAVE JUST SIGNED A THREE-YEAR CONTRACT BETWEEN THE Y-12 Plant of Union Carbide Nuclear Company and Local No. 3, International Guards Union of America, in the picture above. At left is the Company committee, from left being, K. R. Merrill, Guard Dept. Chief M. H. Bradford, Dr. R. H. Finn, F. C. Lowry and George W. Flack. The Union committee at right is composed of H. T. Hinds, Glenn Atchley, Clyde Scott, W. E. Honeycutt, R. E. Reynolds and P. H. Williams.

## UCC Reports Records In Sales And Income

### First Nine Months Of 1955 Show Gains

Record sales and income both are reported for Union Carbide and Carbon Corporation for the first nine months of 1955 by Morse G. Dial, President of Union Carbide. During the first three quarters of this year sales amounted to \$857,123,236, an increase of 28 per cent over the sales of \$667,143,639 during the first nine months of 1954. The increase was the result of a larger physical volume of sales.

Net income for the first nine months of this year amounted to \$101,436,489 equivalent to \$3.48 a share on the 29,126,619 shares of capital stock outstanding, an increase of 60 per cent over net income of \$63,145,879 equivalent to \$2.18 a share for the first nine months of 1954 on 28,952,794 shares then outstanding. The larger physical volume of sales and income results from the increased demand for the products of all of the Corporation's operating groups as well as to completion of additional production capacity for chemicals and plastics in Texas in the first quarter of this year.

Sales of \$302,855,789 during the third quarter of 1955 also established a new high over any previous quarter. Second - quarter sales this year amounted to \$291,226,338 and sales during the third quarter of 1954 were \$231,986,847.

Net income for the third quarter of 1955 amounted to \$37,821,591 equivalent to \$1.30 a share. This compares with net income of \$35,217,819 for the second quarter of 1955 equivalent to \$1.22 a share and net income of \$21,342,676 for the third quarter of 1954 equivalent to \$.74 a share.

## 10 Years Service

Congratulations to the following Y-12 employees who will complete 10 years of Company Service within the next few days:

**John W. Cantrell**, General Machine Shop, November 5.

**Andy W. Phillips**, Materials Delivery, November 5.

**Percy C. LaRue**, General Machine Shop, November 7.

## Christmas Party Plans Made At Carbide Wives Meeting

Appointment of committees on gifts, decorations and refreshments for the annual Christmas husbands and wives party to be given by the Carbide Wives December 21 was made at a meeting of officers of the group at the home of Mrs. K. E. Rapp. Winners of prizes at the October 19 card party were announced as Mrs. W. H. White and Mrs. James O'Bannon, both wives of Y-12ers, as first and second in canasta and Mrs. R. A. Hamrick and Mrs. W. H. Carr first and second in bridge. Mrs. R. M. Kemper, Jr., also wife of a Y-12er, won the bingo prize.

Let's pluck a page from the Words of Wisdom of Charley E. Smith, the Wise Man On The Hill in Mechanical Operations, who believes—

"Few of us can hope to make the world better, but all of us can refrain from making it bitter." To that, Charley, amen.

So, let's put the show on the road.

### MANUFACTURING OFFICE

Sue Stewart and her husband meandered over the mountains to Asheville, N. C., last week end. . . Earl Goode spent his vacation moving into a new house in Oak Ridge (still maintain that's no vacation) . . . Betty Health is vacationing this week to hold the hand of her young son, Ronald, during a tonsilectomy.

That "getting-around" R. V. Brackney, of Property Sales, was in Mineola, L. I., N. Y., last week. . . (Wonder how many servicemen remember the "mill" mustering out camp there in the BIG war, World War I.)

Production Inspection welcomes newcomers G. E. Fulmer and M. R. Emory . . . Richard Dew moved into his new home out on Beaver Creek Drive last week.

Fred Bailey and Hal Payne, Stores, flew out to Ft. Leonard Wood, Mo., last week to visit Bailey's nephew, Ronald Cooper. . . R. H. Evans is taking it easy at home in Knoxville.

Engineering Records spread out the welcome mat for Doris Brady last week.

Record Center sends get-well wishes to Frances Patton, who was ailing last week.

J. D. Housley was another new Y-12er to receive a warm welcome—this time by Material Control. . . Best wishes go to Gertrude Gentry, ill in the Loudon hospital.

### CHEMICAL

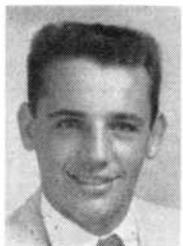

Product Processing extends condolences to Duke White, whose father died last week. . . Likewise get-well wishes to Connie O'Neil, ill in a Knoxville Hospital. . . Mildred Mangrum was a vacationer last week but no reports received on whereabouts, what was doing or things like that.

Chemical welcomes Paul Pennington back after a long period of illness. . . R. P. Russell is vacationing around Atlanta, but the whereabouts of W. D. Howard and C. B. Tiller are shrouded in mystery.

### MAINTENANCE

Jackie Sue

Wayne

A couple of Buildings and Grounds chaps are mighty proud pops of "Miss Freshman" and "Mr. Freshman" at Lenoir City High School. Jackie Sue Voyles, daughter of Mr. and Mrs. H. Y. Voyles, was elected "Miss Freshman" by her classmates and also as cheerleader for four years. The other youngster is Wayne Anthony, son of Mr. and Mrs. L. M. Anthony, elected "Mr. Freshman" at the school. He also is on the football team at the school.

Planning and Estimating is glad Sarah Corum is back at work after an illness. . . E. G. (known far and wide as "Sonny") Richardson was vacationing last week around Norris.

Salvage sent D. M. Finger, C. A. Gilland and J. H. Rhyne on vacation this week but didn't check their destinations.

Sam Bolt, Research Services, is

riding high in the clouds—reason, arrival of a new son, named Gordon, but no other vital statistics available. . . Cap'n Lonnie Slover, the big brass in the Oak Ridge Civil Air Patrol, now has a son really in the flying business—his boy, Robert Archer Slover, now is with the U.S. Air Force at Lackland Air Force Base in Texas where his own flying and ground experiences with the CAP should help him go far.

Beta Four Maintenance has long-range get-well wishes out for J. R. Bosson, who is expected to be out for some time. . . Also to A. D. Cotton, likewise on the sick list. . . U. L. Alspaugh is vacationing in the mountains of North Carolina this week.

Electrical Maintenance sends get-well wishes to M. S. Powell and J. H. Whidden, ailing folks. . . Vacationers, past and present, are Mike Getsi, J. B. Henry and H. H. Vandergriff.

Columbus Owens is on a two-week vacation from Process Maintenance on a sad mission to Missouri, where his brother was killed recently in an automobile accident at Joplin. . . R. L. Jennings also is away.

Alpha Five Maintenance welcomes T. B. Baker back after his recent illness. . . Vacationers, hither and yon, are W. T. Pratt and J. R. Carroll.

Alpha Four has D. R. Spradlin on the vacation list this week—no details.

### MECHANICAL OPERATIONS

J. R. Wells, A Mechanical Operations, is vacationing at home on the Solway Road. . . C. Dugger got a "fur piece" away by going to Canada to visit a brother. . . P. L. McGinnis and family enjoyed nature's wonderland of color artistry on a Sunday trip to the Smokies. . . C. J. O'Neal will brag at the first squirt of a carburetor about his shiny new automobile—(well, don't we all?)

B. M. Burrus, D Mechanical Operations, spent his vacation in Knoxville, indulging in his leading hobby—playing golf.

F Mechanical Operations has C. E. Begley vacationing in Greenville, Miss., this week. . . R. E. Newcomb is doing likewise at home in Concord. . . H. Mitchell and P. A. Fritts are back after quiet vacations at home. . . Clyde Collins Hopkins is back from Brownsville and pals are glad to hear his sick father is improving. . . C. H. Edwards has moved into his new home in Harriman. . . N. J. Roberts and Vic Kinser are doing extra-curricular studying for the Better Things In Life—Roberts is a Dale Carnegie student while Kinser is taking accounting from La Salle Extension University. . . Get-well wishes go to A. B. Anderson, seriously hurt in an accident last week and a patient in Oak Ridge Hospital.

General Machine Shop vacationers are staying close to home these days. . . Harley Law is resting in Oak Ridge. . . J. P. Maples was at home in Clinton. . . W. S. Minge did the same at Lenoir City. . . J. D. Meadows and J. R. Murph also didn't stray away from the Atomic City. . . R. P. Huffman must have been close around somewhere, but no one learned his whereabouts. . . R. D. West is welcomed back after an illness. . . Ooo—the sick folks—rapid-recovery wishes to A. H. Johnson, in Ft. Sanders Hospital, Knoxville; R. H. Bradshaw in Oak Ridge Hospital; S. A. Starnes, L. A. Michael, C. C. Hickey, J. M. Butts, R. I. Verble, R. L. Mize, E. W. Smith, J. Winslett and I. W. Williams.

### INDUSTRIAL RELATIONS

Virginia Scarborough, Medical, is a Harriman vacationer this week. . . Louise Haydon also is off taking it easy.

"Cap'n Joe" Connor, of the Guard Department, has rallied re-

Mr. and Mrs. Bill King

markably from his illness at St. Mary's Hospital, Knoxville, reports read last week, and may be ready to go to his Lenoir City home for a rest soon—lots and lots of folks around Y-12 are glad to hear this. . . The town of Norris has a new community song title, declares Chief Miles H. Bradford—says it's "Don't Fence Me In" and for more information, see him—and perhaps be ready to duck.

Lee Bagwell, Safety, is back from vacation and a turn at the National Safety Council in Chicago—says bad folks up thataway dass'ent raise an eyebrow after that brutal triple murder of three boys, the cops are that edgy.

### TECHNICAL

Walter Hensley, Mechanical Engineering, is back from his peaceful vacation in Oak Ridge.

Graham Smith, Development Operations, took it easy up around Norris last week. . . Bob Ludwig went over to South Carolina for a rest.

Electrical Engineering is mighty proud of its active and agile anglers who brought Y-12 Fishing Rodeo honors to the department—and they didn't use shock treatment, either—they are R. P. George, J. L. Smith and J. P. Smith. . . W. R. Ellis ambled to Anderson, S. C., for a week.

Health Physics hopes Wilma Brock will recover from her illness soon and return to the job. . . J. P. McMillan was a Kentucky visitor last week. . . Ben Rutherford and K. C. Anderson are vacationers this week.

Industrial Engineering is joining in the cheering with J. P. Lawless—over that new son, Jimmy, born October 22, weight eight pounds, five ounces. . . Roy Byrd is vacationing in Michigan for two weeks.

### ALLOY

Alpha Four reports Carl Melton claims is was REALLY relaxing to work around his house in South Harriman—painting, etc. (Oh yeah?)—He also took a trip to the Smokies (to cool off, probably). . . Our agent tried, but "Lover-boy" (love that nickname) L. Hamby just refuses to reveal where he went on his vacation. . . J. R. Phillips and his missus took off for Somerset, Ky., to visit her folks. . . J. E. Disney and spouse went one state farther and visited relatives in Dayton, Ohio. . . E. K. Beeler says he plans to week-end at home in Concord but might possibly include the Georgia Tech-Tennessee feetboot game in his itinerary. . . When last heard from E. B. Duncan was resting comfortably on the floor at his Oak Ridge home. . . B. F. Kerr also spent his days of repose in Oak Ridge. . . Other vacationers include B. C. Adkins, J. E. Irwin and J. W. Jones. . . How'd that dude get in the door?—dig the snorky ties, sox and jacket sported by the departmental real estate tycoon J. M. Stanton these days. . . Al Gillen flew over to Nashville to visit his mother over the week end. . . Wanda Livesay (Alpha Four), Jo Ann Baker (Beta Two), and "Bucky" (Y'all) Marlet, an ORNLite and Jo's roomie, had a rip-snortin' week end in La

Continued on Page 4

### KING—WOOLUM

Mrs. D. H. (Wynetta) Patterson, of the Y-12 Cafeteria, has announced the wedding of her daughter, Miss Jo Ann Woolum, to Bill King, of Harriman at 8 o'clock Friday night, October 21. The ceremony was performed at the home of the bride, 102 Viking Road, Oak Ridge, with the Rev. Earl Wilson, of the Black Oak Heights Baptist Church, Knoxville, officiating.

The groom is the son of Mr. and Mrs. Edmond King, Crossville, Tenn.

The maid of honor at the wedding was Miss Faye Webster, of Harriman. Wendel E. Lynn, also of Harriman, served as best man.

Following the wedding, a reception was held at the home of the bride. After a honeymoon trip to Gatlinburg, the couple is living in Oak Ridge.

## Y-12ers To Get Atomic Energy Booklet Of UCC

An interesting and illustrated description of work being done at the Union Carbide Nuclear Company atomic energy facilities in Oak Ridge for the Atomic Energy Commission is included in a new 44-page booklet, "The Atom In Our Hands," just published by Union Carbide and Carbon Corporation, of which UCNC is a Division. The booklet soon will be distributed by mail to homes of every Y-12 employee, where it can serve as a valuable reference book as well as interesting reading.

Included in the booklet is a description, written in non-scientific terms and easily understood by all, of the unique gaseous diffusion process used at the Oak Ridge K-25 Plant and also at Paducah, Ky., to separate billions of uranium atoms to capture the rare type of Uranium 235 needed for atomic energy operations. The profusely illustrated booklet also tells how the new atomic products—radioisotopes—are produced by the Oak Ridge National Laboratory.

The reader is also given a glimpse of peaceful atoms at work in medicine, industry and agriculture. There also are pictures of several atomic reactors, including the "swimming pool" reactor built by Union Carbide for the "Atoms for Peace" Conference held in Geneva, Switzerland, in August of this year.

"The Atom In Our Hands" is a cover-to-cover bit of reading for all Y-12ers and members of their families—being both educational and interesting.

Get-well wishes are sent the following Y-12 employees who were patients last week in the Oak Ridge Hospital:

Edward Webster, Mechanical Inspection; Ray Johnson and E. L. Hill, Buildings and Grounds; M. A. Pitts, Process Maintenance; Lloyd Michaels and R. H. Bradshaw, General Machine Shop; A. B. Anderson, F Mechanical Operations; Wilma Brock, Health Physics; V. L. Peppers and Norman Derryberry, Field Maintenance; Jim Tilley, Products Processing; Earl E. Smith, B Mechanical Operations; T. C. Posey, Robert Fuller, Mack Haynes and James N. Lee, Janitors.

# Y-12 SPORTS

## Y-12 Rifle League Formed For Season

As a result of the fine turnouts for rifle shooting by Y-12ers, a Y-12 Plant Rifle League has been formed and schedule drawn for the autumn and winter season. Four teams were organized last week as a result of qualifying scores and more members will be added to each group as the season progresses.

The four teams are the Pinwheels composed of C. G. Brewster, S. E. Adams and M. W. McCuffin; Spotters with R. L. Vanderpool and Bobby Powers; Misses with D. T. Pitt and W. B. Davis and the IOXs with J. V. Ledbetter and P. H. Williams.

The schedule of matches to be fired at the Oak Ridge Sportsmen's Association range follows:

Nov. 4—Pinwheels vs Spotters. IOXs vs Misses.  
Nov. 11—Pinwheels vs Misses. IOXs vs Spotters.  
Nov. 16—Pinwheels vs IOXs. Spotters vs Misses.  
Nov. 30—Pinwheels vs Spotters. IOXs vs Misses.  
Dec. 7—Pinwheels vs Misses. IOXs vs Spotters.  
Dec. 16—Pinwheels vs IOXs. Spotters vs Misses.  
Jan. 6, 1956—Pinwheels vs Spotters. IOXs vs Misses.  
Jan. 11—Pinwheels vs Misses. IOXs vs Spotters.  
Jan. 20—Pinwheels vs IOXs. Spotters vs Misses.  
Jan. 25—Pinwheels vs Spotters. IOXs vs Misses.  
Feb. 3—Pinwheels vs Misses. IOXs vs Spotters.  
Feb. 8—Pinwheels vs IOXs. Spotters vs Misses.  
Feb. 17—Pinwheels vs Spotters. IOXs vs Misses.  
Feb. 26—Pinwheels vs Misses. IOXs vs Spotters.  
Feb. 29—Pinwheels vs IOXs. Spotters vs Misses.  
March 7—Pinwheels vs Spotters. IOXs vs Misses.  
March 14—Pinwheels vs Misses. IOXs vs Spotters.  
March 23—Pinwheels vs IOXs. Spotters vs Misses.  
March 30—Pinwheels vs Spotters. IOXs vs Misses.  
April 4—Pinwheels vs Misses. IOXs vs Spotters.

## Has Beens Narrow Lead Of All Stars

The All Stars went into a partial eclipse last Thursday night in Classic League plant bowling matches when they were trimmed for three points by the Rebels, but managed to hold onto first place despite a four-point whitewash victory by the second-place Has Beens over the toothless Tigers. The Cubs and Wolves also growled to whitewash triumphs over the Screwballs and Playboys respectively and the Swingsters took three from the Wasps. The Bumpers and Rippers broke even.

Len Hart led series scorers with a 608 scratch and 647 handicap, helping his Ripper teammates post high single game scores of 892, boosted to 1025 with handicap. Joe Pryson's 227 scratch game was a factor in the Cubs getting high series team scores of 2575 and 2970. Forbes, of the Wolves, had a 254 handicap game for tops.

League standing follows:

Team	W	9
All Stars	23	9
Has Beens	22	10
Swingsters	20	12
Cubs	20	12
Rebels	17	15
Bumpers	16	16
Wolves	16	16
Rippers	14	18
Tigers	13	19
Screwballs	12	20
Wasps	10	22
Playboys	9	23

## Two Men Win Two Turkeys In Shoot

E. Delaney and B. Morrow each won two turkeys in the B Shift turkey shoot held last Thursday at the Oak Ridge Sportsmen's Association outdoor range. Rifle and shotguns were used in the target competition. Winners of one bird each were R. Lawler, L. Odell, J.

## Winners Given In Y-12 Plantwide Big Fishing Rodeo

### Close Competition Waged By Anglers For Many Fine Prizes

As predicted, a fine mess of fish—or rather certification of same—were turned in as contestants for the plant-wide fishing rodeo that closed at midnight on Sunday, October 23, after a three-week run on the stage of streams and lakes of East Tennessee.

**No Ties Reported**  
The competition was close in all of the seven species of fish eligible for prizes in the rodeo, but no ties or real close decisions were required of the judges. The arbitrators were all veteran Y-12 anglers—Russell Hopper, General Machine Shop; Avery Kendig, Buildings and Grounds; and Bill Davis, Security. They met last Wednesday to review the entry cards and decide the winners.

The biggest fish caught during the rodeo was a five-pound large-mouth bass that took first place in that classification. Most of the winners were above the average for their type.

**Prizes At Recreation Office**  
Winners who have not yet been notified and who have not picked up the fine prizes offered by the Y-12 Recreation Department are asked to call by the Recreation Office, Bldg. 9704-2, Room 221, to get them.

The complete list of winners follows:

Largemouth bass—W. B. Tyree, five pounds, G. C. Lay, four pounds, 12 ounces.

Smallmouth bass — James L. Smith, two pounds, 12 ounces. R. D. George, two pounds, four ounces.

Striped bass — Harry Hankins, two pounds, five ounces.

Walleyed pike—E. R. Easterday, three pounds, 10 ounces. Nelson Tibbatts, 12 ounces.

Sauger pike—N. H. Wise, two pounds.

Crappie—Elmer E. Green, one pound, five ounces. J. P. Smith, nine ounces.

Trout—Anderson Holcomb, one pound, four ounces. Jack Owens, one pound, three ounces.

No second prizes were awarded in the striped bass and sauger species as such places were taken by fishermen who already had placed first in other classes and the rodeo rules provided that no angler should receive more than one prize.

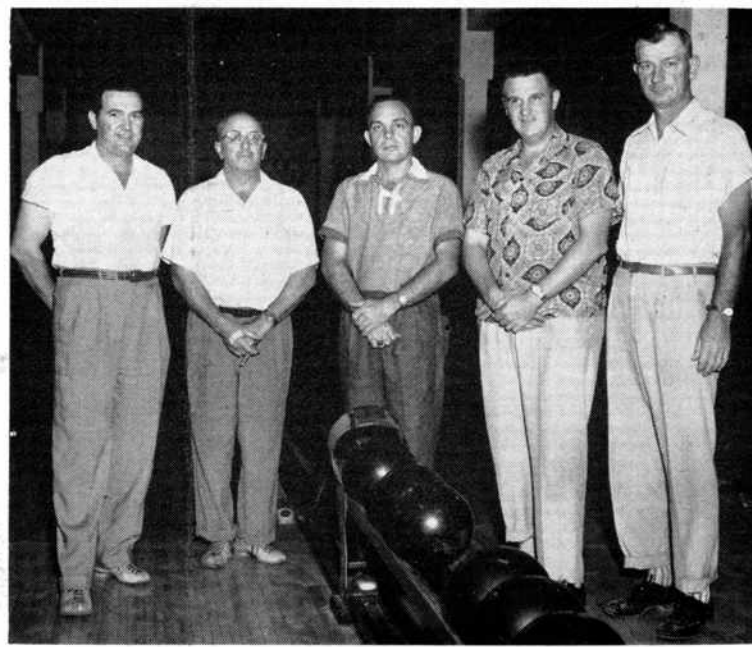

## Y-12 And K-25 Rifle Teams Split Match

Rifle teams of Y-12 and K-25 divided honors last Wednesday night, the Y-12 gunmen taking handicap scoring by the narrow margin of 963.596 to 963.258 after losing in scratch by 866 to 802.

R. L. Vanderpool led the Y-12ers in both scratch and handicap firing with figures of 177 and 194.372. Other leading Y-12 scratch scorers were C. G. Brewster 170, M. W. McGuffin 163, Bobby Powers 147 and J. V. Ledbetter 145. Their handicap scores were McGuffin 193.520, Brewster 192.660, Powers 191.520 and Ledbetter 191.200. Others firing for Y-12 were W. B. Davis, M. P. Crews, B. E. Henry, P. H. Williams, J. W. Rule, D. T. Pitt, J. D. Pattie and C. W. Frazier.

Owens, M. Richard, T. Tafteen, D. Sharp, W. Jarvis, J. Crews and D. Davis.

Carl Frazier, chairman of the B Shift Recreation Committee, has announced that another shoot will be held at the same place on Wednesday morning, November 16.

**THIS VETERAN AGGREGATION OF Y-12 BOWLERS, KNOWN AS THE Bumpers of the Classic League of plant keggers, has bumped a considerable number of opponents so far this season and can be counted on repeating the dosage almost any time. From left are V. Williams, Ernie Cobble, Walt Sherrod, George Schierbaum and Elmer Green.**

## Y-12ers Seeking Deer Are Reminded Need Of Big Game Stamp And Kill Tag

Y-12 hunters intending to take to the open fields and forests or in State Wildlife Management Areas in search of deer during the coming open seasons are reminded of two important steps to be taken before they enter hunting areas. The first is to obtain the \$5 big game stamp required by the State Game and Fish Commission required for the first time and a big game kill tag, also required by law. The stamp may be obtained at most hunting and fishing license sales agencies and the tags from any employee of the commission without charge.

Every hunter also is reminded that the limit is one deer per season per hunter.

In nearby Anderson, Campbell, Claiborne, Cocke, Carter, Johnson, Polk, Sullivan, Cumberland, Morgan and Union counties four days of deer hunting will be permitted. On Friday and Saturday, November 4 and 5, hunters may take bucks with visible antlers. On the following week end of November 11 and 12 they may shoot deer of either sex.

Beginning Monday, November 14, deer hunts will be staged on State Wildlife Management Areas. Participation in most of these managed hunts already has been determined by public drawing.

## Sportsmen's Loop Gets Good Start

The Bombers and Knuckleheads blanked the Rebels and Sunflowers respectively in the newly organized Sportsmen's League of plant shift-scheduled bowlers. The Ridgerunners took three points from the Eight Balls in the other match.

Bob Morrow posted a 199 scratch game and 532 series for tops of the night. The Knuckleheads had a 794 scratch game for best team score and boosted it to 2276 for scratch handicap game.

League standing follows:

Team	W	L
Knuckleheads	4	0
Bombers	4	0
Ridgerunners	3	1
Eight Balls	1	3
Sunflowers	0	4
Rebels	0	4

## Pin Ups Maintain Mixed Loop Lead

The Pin Ups maintained their lead in the Mixed League last week with a three-point victory over the Strikeouts but the contending Mix Ups found the Oleos too slippery to handle and dropped four to fall to fourth place, the Oleos jumping out of the cellar. The Nip and Tucks romped on the Rocks for three in the other match.

Len Hart, of the Nip and Tucks, had best scratch scores with a 186

## First Call Sounded For Basketball, Volleyball Teams

### Organizational Meets Set November 16, 17 To Form Leagues

After wrestling through a long summer—and then some—season of softball, tennis, golf, horseshoe pitching and other outdoor sports, the Y-12 Recreation Office now is turning its attention to indoor athletic activities. More specifically, organization of basketball and volleyball leagues for all Y-12 employees is the immediate objective of the Recreation Department, with formation of badminton and other gymnasium sports also being on the agenda for early attention.

#### Meet At Recreation Office

Wednesday, November 16; and Thursday, November 17; are the dates picked for organizational meetings for basketball and volleyball loops, respectively. Both meetings have been scheduled for 10 a.m. at the Recreation Office, Room 221, Bldg. 9704-2. Managers or team representatives in both sports are urged to attend the meetings for their sport so that steps can be taken to get the leagues into action at the earliest possible date.

A blank is being published at the bottom of this page for the convenience of every Y-12er interested in either basketball or volleyball—and the Recreation Department urges that all enthusiasts of either sport, particularly if they are not aligned with some team already formed or in the process of organization, to clip and fill out the blank and return it to the Recreation Office.

#### Shift Groups Are Encouraged

In formation of leagues in both sports, especial attention will be given to drawing up schedules that will permit plenty of activities by shift groups as well as straight day scheduled employees.

In past seasons both basketball and volleyball have been popular sports with Y-12ers. In the 1954-1955 season, an exceptionally fast plant league of nine teams played a successful season, providing a lot of entertainment and exercise for the players. At the same time a popular four-team volleyball league was in action.

The Recreation Department reported last week that gymnasium space for basketball practice already has been obtained at the Robertsville Junior High School and the Oak Ridge High School and that squads already organized and wanting to hold drills may make reservations at the Recreation Office, telephone 7751.

game and 519 series. G. Anderson, Rocks, had a 215 handicap series and M. J. Otten, Pin Ups, a 589 handicap series for tops. The Nip and Tucks and Pin Ups divided team scoring honors, the former having top scratch scores of a 583 game and 1731 series and the latter with handicap scores of a 765 game and 2195 series.

League standing follows:

Team	W	9
Pin Ups	15	4
Strike Outs	12	8
Nip And Tucks	12	8
Mix Ups	11	8
Oleos	6	14
Rocks	3	17

## Two Y-12ers To Get 25-Year Awards

Continued from Page 1

department produced isopropyl alcohol and acetone and Rader stayed with the group for 14 years, finally being named Area Foreman. In March, 1944, he was transferred to the K-25 Plant in Oak Ridge, with the same title.

At K-25 he helped get the plant into operation to produce Uranium 235 and also assisted in perfecting the shift organization there. He was advanced to the post of Shift Superintendent and Shift Superintendent Coordinator before being sent to Y-12.

### Born In West Virginia

Born in Summersville, W. Va., June 22, 1906, Rader attended grade and high school there. After graduating from high school he attended summer school classes at Glenville Teachers College in West Virginia and taught school for one year. He took a fling at tool dressing in the West Virginia oil fields before going to work for Carbide.

Rader married a Tennessee girl, wedding Miss Mary Lou Arms, of Clarksville, in 1948. They have three sons, Daniel H. Rader III, 6, Patrick Neil, 3, and John Douglas, 10 months. The Raders are members of the Oak Ridge First Baptist Church.

### Creigh Anniversary April 5

Finley Creigh observed his 25th anniversary on April 7, having gone to work with Carbide on that date in 1930, also at South Charleston. He was a fellow employee of Rader in the Isopropanol Department at first, but after four years in that work he began quite a tour of various Carbide plants before coming to Oak Ridge.

After his start at South Charleston, Creigh was transferred to the Company's Whiting, Ind., plant in 1934 as a chemical foreman. After nine years there he was sent to the Louisville, Ky., butadiene plant in 1943 as a shift superintendent. A great deal of synthetic rubber was manufactured at that plant during World War II. When Japan fell in 1945 the Louisville plant was placed in stand-by and back to Whiting went Creigh.

When the Korean fighting broke out the Louisville plant was reopened in 1950 and again Creigh returned there to remain until 1952, when the plant again was placed in stand-by. His next post was at the new gaseous diffusion plant in Paducah, Ky., where Creigh was made chemical process foreman.

The next stop along the line was at Y-12, where Creigh was dispatched on March 1, 1954.

Y-12's B Shift Superintendent was born in Ronceverte, W. Va., August 15, 1906. He completed a course in electrical engineering at the Bliss Electrical School at Silver Springs, Md., near Washington. He is married and the father of two sons. Rodney Creigh, 25, is a Y-12 employee in the Mechanical Operations Division. Hunter, 18, is an Oak Ridge High School student.

Y-12 has had one other Carbide man to complete 25 years of Company Service while here. He is Ray Barron, who achieved that milestone on April 11, 1952. He was transferred from Y-12 back to the South Charleston Plant on June 30, 1954, and is still employed there.

## TASTY NOVEMBER DISHES SELECTED AS ENTREES ON SPECIAL LUNCHES

Tasty dishes to match the tang of November weather have been selected as entrees on the 50-cent Special Lunches to be served at the Y-12 Cafeteria tomorrow, Thursday, November 3; and next Tuesday, November 8. Spanish rice with meatballs will be the main dish tomorrow, while on next Tuesday corned beef hash will be the entree. The Special Lunches also include one vegetable, choice of salad or dessert and rolls and butter.

## Improper Parking Creates Many Hazards

Continued from Page 1

areas that should remain open for the free flow of traffic, particularly at hours when most employees are coming to or leaving the plant. Such congestion greatly increases the possibility of accidents at rush hours, both for motorists and pedestrians, as delays caused by improperly parked vehicles blocking others in some instances encourage some persons to take unsafe chances.

Then—think of the bedlam that could be caused if a real evacuation signal should be given and a few improperly parked cars could block a mass movement of vehicles from the Y-12 Plant Area.

So Y-12 drivers—and it is conceded that they are in a small minority but nevertheless an irritating one—who have been leaving automobiles in clearly marked "no parking" zones are urged to cooperate with the great majority of courteous and safe Y-12ers in making parking easier and more orderly.

## Second Corrosion Clinic Session Set In Oak Ridge

The second meeting of the first annual corrosion clinic being held by the East Tennessee Section of the National Association of Corrosion Engineers is scheduled for Oak Ridge tomorrow night, Thursday, November 3. The session is set for 8 o'clock at the Knights of Columbus Hall in the Jefferson Circle section.

Speaker for the meeting tomorrow night will be A. L. Gray, of the Pfauder Co., Elyria, Ohio. His subject will be "Glass-Lined Equipment for Chemical Service." The last two meetings of the clinic will be held at Young High School, Knoxville, next Tuesday night, November 7; and again in Oak Ridge Thursday night, November 10.

"How did you come out at the dog races? Did your dog win?"

"Naw, he was left at the post."

If you're too busy to laugh, you're too busy.

A TRIBUTE TO THE ACCOMPLISHMENTS OF THE 10 CREDIT UNIONS OPERATING IN OAK RIDGE WAS paid by about 200 guests at the recent Sixth Annual Credit Union Dinner held at the Oak Terrace, the big crowd being shown above. Nearly 40 Y-12ers attended the dinner, most of whom were seated at the table, at the far left where some can be identified.

## Rides Wanted, Offered

**Ride wanted from Dayton or Spring City, straight day.** Reba Marsh, plant telephone 8134, home telephone 943-R2, Dayton.

**Two car pool participants wanted from vicinity of Pennsylvania Ave., Outer Drive or West Outer Drive, Oak Ridge to North Portal, straight day.** Harold Babb, plant telephone 7696, home telephone 5-6014.

**Ride wanted from South Clinton to East or North Portal, straight day.** O. B. Harness, plant telephone 7228, home telephone 427-R, Clinton.

**Three car pool participants wanted or will join pool from Woodland area, Oak Ridge, to Central Portal, straight day.** Bill Rose, plant telephone 7-8376, home telephone 5-3323, Oak Ridge.

**Riders wanted from Clinton to North or Central Portal, straight day.** C. F. Brewer, plant telephone 7735, home telephone 981-W, Clinton.

## Bumpers Advance In All-Carbide Loop

The King Pins, K-25 entry in the All-Carbide Scratch Bowling League, held their lead last week as the Bumpers of Y-12 advanced to second place. Bennett, of the King Pins, posted a 219 scratch game and 551 series for tops while team honors went to the Bumpers with an 841 series and 2373 series. Bennett led the first five bowlers in the loop with a 202 average and was followed by Wacker 170, Johnson 168, Holzknicht 166 and Brown 164. The latter two are Y-12ers.

Team	W	L
King Pins, K-25	15	1
Bumpers, Y-12	11	5
Wheels, ORNL	5 1/2	10 1/2
Left Overs, Y-12	4 1/2	7 1/2
Maple Moppers, Y-12	4	8
Hawk Eyes, Y-12	0	12

## Masters Take Lead In Pistol League

The Masters took over undisputed possession of first place in the Y-12 Pistol League on October 17 when they whipped the Marksman 477 to 398 scratch and 574.052 to 564.927 handicap. The Experts topped the Sharpshooters in the other match in scratch firing by 478 to 437 but the Sharpshooters took handicap firing by 567.290 to 566.063.

Top tallies for the night was posted by D. H. Alford, Masters, with a 248 scratch; and A. V. Bible, Experts, with 288.836 handicap.

Team	W	9
Masters	6	0
Marksman	4	2
Experts	1	5
Sharpshooters	1	5

"That kid is driving me crazy. His mother gave him a drum and he pounds on it night and day. I don't know what to do because his mother won't let me take it away from him."

Fiendish suggestion—"Just buy him a pocket knife and ask him if he knows what's inside the drum."

## Credit Union Business Is Big Business In Oak Ridge; Dinner Draws Y-12 Guests

The Credit Union business in Oak Ridge is big business—as 10 such organizations in the city boast a total membership of 13,269 members and total assets of \$5,042,369.78. This and a lot of other interesting information about the non-profit saving and loan groups operated by and for employees of various organizations and companies

**R. P. Mann** and family — he's in General Utilities, week-ended in the Smokies . . . Vacationers include **N. W. Evans**, **R. E. Stubblefield** and **C. A. Cox**.

Signing off with another Smithism—

"Do the thing that is right even when the boss isn't looking, because the boss himself isn't the criterion. The real boss is right with you every second—he's your conscience."

That's so right. So long.

## ISA Group To Hear Talk On Automation At Meeting

Millard D. Shriver, general sales manager of the Panellite, Inc., firm of Chicago, will be guest speaker at a meeting of the Oak Ridge Section of the Instrument Society of America tonight, Wednesday, November 2. The meeting will be held at 8 o'clock in the Green Room of the Ridge Recreation Hall and Shriver's topic will be "Automation for Process Industries." All Y-12 members of the section and others interested in the subject are invited to attend the meeting.

was revealed at the sixth annual Credit Union Day dinner held October 20 at the Oak Terrace and attended by nearly 200 persons—including about 40 Y-12ers and members of their families.

An interesting talk by Dr. Madison Scott, pastor of the First Baptist Church of Oak Ridge, in which he pointed out the high moral benefits of credit union operations to members—shareholders and borrowers alike—featured the meeting. Dr. Scott's theme was that the low loan interest and substantial returns on savings helped members avoid the pitfalls offered by many so-called "loan sharks."

Ralph G. Williams, president of the Oak Ridge Chapter of Credit Unions, presided and Frank Wilson, Oak Ridge attorney, acted as toastmaster.

Among Y-12ers and members of their families attending the dinner were Mr. and Mrs. George W. Flack, Mr. and Mrs. George A. Strasser, Mr. and Mrs. J. D. Causey, Mr. and Mrs. A. J. Fisher, Jr., Mr. and Mrs. W. O. Elam, Mr. and Mrs. F. M. Henry, Mr. and Mrs. William Mason, Mr. and Mrs. E. A. Cobble, A. M. Schrader, president of the Y-12 Employees Credit Union; Jesse Guinn, W. R. McGill, C. W. West, W. L. Coggin, K. B. Gulley, A. H. Ballard, George W. Dobbs, G. W. Wilkinson, J. C. Knisley, Mrs. Helen Wilson, Mrs. Edna Laymance and others.

The Y-12 Employees Credit Union is the second largest of the 10 in Oak Ridge, statistics of the Oak Ridge Chapter of Credit Unions show. These figures show that the Y-12 organization has 3,375 members, total assets of \$1,110,024.37, outstanding shares valued at \$1,044,805.19 and since its organization in June of 1950 has made a total of 15,522 loans totaling \$4,758,559.72. Only the K-25 Credit Union tops Y-12 in size.

## Q Balls Take Over Lead In C League

The Q Balls rudely tamed the Murderer's Row keggers in the C League last week by blanking their foes and jumping from third to first place, the losers dropping down. The Hot Wires lost a golden opportunity to jump into the loop lead, but dropped three points to the Deltas and held a three-way tie with Murderer's Row and Rusty Five for second place. The Rusty Five and Sooners turned in three-point wins over the Hornets and Glass Arms to round out the night's alley activities.

League standing follows:

Team	W	9
Q Balls	18	10
Hot Wires	16	12
Murderer's Row	16	12
Rusty Five	16	12
Hornets	13	15
Deltas	12	16
Sooners	11	17
Glass Arms	10	18
